SPURIMPACT

Can you imagine what life would be like for Sussex County seniors if the work CHEER does stopped tomorrow? The community you care about relies on your support to:

- feed hundreds of senior citizens every day;
- provide personal home assistance so that seniors can stay in their homes;
- give peace of mind to caregivers that their loved ones are safe at the adult day program while they maintain their everyday work and responsibilities; and
- provide opportunities for elder adults to stay healthy and active while also receiving much needed companionship at seven centers throughout Sussex County,

Please Help - March 7, 6 p.m. thru March 8, 6 p.m.
