Artful Journey's

Pack your bags, your passport and your creativity and get ready for some artistic adventures with the Rehoboth Art League!

Every month we will artfully travel to a new location and explore the art, culture and famous artists from that region.

We will use a variety of mixed media materials (including watercolor & acrylic paints, soft & oil pastels, color & graphite pencils, markers, clay and collage materials etc.), to design various art projects, inspired by that region.

All of our art will be created in a very encouraging, supportive and fun environment
